

# BARRIER FREE SILL

## IMPROVE MOBILITY WITH OUR ADD-ON SILL

Let Kohltech improve the way you enter your home, with our aftermarket aluminum sill ramp for in-swing doors. This barrier free sill will improve your entryway with an add-on that helps provide easy access to your home.

Our barrier free sill meets the same performance ratings and standards as our high-performance sill system.

Sold separately as an add-on to existing doors with a high-performance sill to meet accessibility building code standards.

Note: Door has to be installed and landing support complete before installation of a Barrier Free Sill.
